In a galaxy not so far away, there is a place filled with swirling mist, flashing lights, strange sounds and fellow warriors from planet Earth, armed with REAL (harmless) LASER weapons. If you accept this mission to have fun you'll Zap enemy team players, shoot their base, and defend yours.

If you are interested in coming along to Quasar, please let your leader know and give them the money no later than Friday 7<sup>th</sup> November.

As we have limited places this will be done on a first come first serve basis. Therefore if you want to guarantee a place you must return the form to your leader with your £5 **as soon as possible**.
